

## Version 2.0.6

This release contains improvements in all aspects of the core scan application, requiring us to update most of the software on your tool. This requires the download file size to be approximately 500 MB. Below are typical download times for various Internet speeds for this file size. Please check your Internet download speed to determine approximate time.

500Mb at 10Mbps ~ 7 min

500Mb at 2.0Mbps ~ 30 min

500Mb at 6.0Mbps ~ 10 min

500Mb at 1.5Mbps ~ 45 min

500Mb at 3.0Mbps ~ 20 min

500Mb at 768Kbps ~ 1.5 hrs

Once the download is complete installation time is approximately 15 minutes.

### ***Vehicle Coverage Subscription Extension:***

SPX values the loyal customers who already have purchased the **Pegisys**. Therefore we have reset the Domestic / Asian and European vehicle coverage subscriptions beginning January 1, 2010 to their original length of time. Specifically, if you have a 12 month Domestic / Asian subscription that was scheduled to expire February 2010 it will now expire January 1, 2011. To receive this extension the users must be registered prior in 2009. To complete your subscription reset, please download this new version.

Thank you for your business and confidence in SPX products.

### ***New Additions:***

This release is the first installment of the new 2010 models. Specifically, this release focuses on USA Domestic, Asian and European Tire Pressure Monitor System (TPMS) vehicle coverage. New vehicle warranty can effect when a vehicle enters your shop for repair and not the dealer, but this is not true for TPMS. New vehicles can have flats and need tire rotations. Even new vehicles come to an aftermarket shop for tire repair or service. Depending on the vehicle, a scan tool is required to service these vehicles TPMS systems.

As with all our new model year releases, vehicles and new systems are also added for years back. In some cases 5 to 10 years back!

There are defect fixes, improvements, etc. as in each release.

The best part. All Pegisys customers get this new coverage as a part of their subscription!

### **New Coverage - USA Domestic 2010 and Earlier**
